

## **HASAN MOOSA (OC 2004 – 2016)**

Since leaving Caterham School in 2016, I have been studying Law and Politics at university. However, whilst I'm enjoying my studies, the more I study the more I realise that I don't think being a lawyer is for me and I would prefer to go into teaching instead.

I'm a really keen footballer, but at the minute I'm just playing recreationally and recently took my Level One FA Coaching badge as I coach an U9 Saturday league team as well as helping out with the Caterham School first XI.

I am also a keen traveller and have travelled quite a lot. My family is from South Africa so I go back there about twice a year and really love it there.

I also loved my time at Caterham, having joined in Year 2. Who knows, maybe I could come back to teach here one day! I'm really looking forward to joining the OCA committee and am excited to get started.
